

Rise Against Hunger works in countries worldwide to fight hunger, targeting communities facing high rates of food insecurity. We provide volunteer-packaged meals and other assistance, often through school feeding programs, to support nutrition, education and health for children and families facing hunger right now. We also partner with local leaders to implement sustainable agriculture and income-generating projects that support long-term solutions to food security and empower communities to become self-reliant and thrive.

NOURISHING LIVES

While long-term food security takes root, our **Nourishing Lives** pathway provides nutrition and encourages education through school feeding, vocational training and health clinics.

EMPOWERING COMMUNITIES

Our **Empowering Communities** pathway promotes improvements in agricultural production and rural livelihoods to help individuals increase their incomes and access to food.

RESPONDING TO EMERGENCIES

From droughts to floods, in conflict zones and political crises, the **Responding to Emergencies** pathway deploys food and aid in communities when it is needed most.

GROWING THE MOVEMENT

We recognize that hunger will not end without **Growing the Movement** and we engage hundreds of thousands of volunteers and advocates each year to build awareness and activation.
